Synopsis

This book provides a complete training experience to become a medical intuitive. Each chapter advances you, step-by-step, to intensify your psychic abilities and develop your x-ray perception. A medical background is not necessary to excel as a medical intuitive. "Become a Medical Intuitive" provides you with the following: How to physically see like an x-ray machine; How to take charge of your energy field; How imagination and intuition work together; Develop inner sight for the deeper cause of illness; See, feel, and sense the entire person on all levels; Understand the electromagnetic energy of thought and emotion; Receive the pure essence of someone's life story; How to use medical intuition as a healing technique; Understand and use the "knowing" you have; Inform without diagnosing; Identify general areas and organs of the human body; Assess auric colors for vibrational accuracy; Actual case studies and assessments to learn from. You are already intuitive. It is only a matter of noticing all of the information you are receiving in a different way. The medical intuitive's life is feeling, sensing, knowing, and perceiving on multiple levels with all of your senses. When you have completed the course contained in this book, you will have truly developed x-ray vision.

Tina's book, can definitely help you to increase your intuition i also recommend you check her you-tube channel at living aware. But she help to realize that intuition has nothing to do with effort an that it should be gentle. Also, she states that we should stop looking for intuition to come a certain way an notice what we get instantly. You will love this book its very practical but you must

follow the steps and be consistent.

The author makes you feel as if she were sitting right next to you. She explains her journey and methods of her work in ways that are very easy to understand. It feels like a text book in that you want to go over it again and again. As an intuitive she doesn't make you feel as if she is the only one who can do this work. She is very encouraging. The book is a real keeper got-to-have.

Incredible book! Well written, easy to read and it changed my life. If more people would learn this ability, the world would be a healthier, happier and more peaceful place! I can hardly wait for Tina's workshop in Portland, Oregon in October!!!!

This book was a God-send for me as a Reiki practitioner. I never thought that what I was experiencing was actually medical intuition as I expected the experience to be entirely different. After reading Tina's book and hearing her interview on the Soul Revolution Radio, I realized that I WAS a medical intuitive. Great book!

When I discovered this book "Become a medical intuitive" by Tina M Zion I was at a crossroad in my life. After reading this book I found I was able to boldly take the steps necessary to follow the path I have chosen. Tina has a wonderful way of getting the words on the pages to be animated in a way you can put them to use in everyday life. I have personally spoken to Tina and she is the most wonderful, genuine person having so much love for her work and for all others.

This book is very informative. I will be incorporating this method with my medical massage work once I become licensed to practice. Tina Zion, the author, gives very easy step by step procedures to self meditate and to learn how to scan and what to look for in becoming a medical intuitive. I really enjoy this book and will be used as a reference

I found Become A Medical Intuitive very informative and easy to read. I first bought it in Kindle but then ordered the hard copy as I want to go back to certain pages and re-read or practice the exercises. I highly recommend this book.

Tina Zion has given step-by-step tools to enhance and shape the intuitive senses that we all possess. She provides exercises and examples to increase intuition so you can read your own body

and others as well. The personal stories were exciting to read and filled with information. Tina's book provides all the details you need to read auras, chakras, body organs and systems. This is reference material for any energy worker and equally delightful to read. Thank you, Tina!
