The recipes are really mouth watering and easier to make. I tried most of the recipes and easily made them. Carrot cake oatmeal was out of this world. All the recipes are one of the best and healthy for kids. Enjoyed all the meals.

I have been trying diverse recipes for slow cooker and crock pot; it is my new hobby. When I saw this book in my recommended list I was excited to get it and try Crockpot Freezer meals for the first time. I am happy to say that I have had a great time especially with the desserts mostly the pineapple chocolate one. This is a great book and is not kicking me off my diet so much

I'm more interested in this Crock-pot method and the recipes provided because the author emphasizes the quickness and the short time it takes when preparing the foods, this is ideal for me to make the fast meals before heading to the work or even to make something for my breakfast.

The recipes are numerous and now selecting the best ones for my taste.
