Nigella Kitchen: Recipes From The Heart Of The Home

Synopsis

Comprehensive, informative, and engaging, Nigella Kitchen offers feel-good food for cooks and eaters that is comforting yet always seductive, nostalgic but with a modern twist--whether super-fast exotic recipes for the weekday rush, leisurely slow-cook dishes for weekends and special occasions, or irresistible cakes and cookies in true "domestic goddess" style. Nigella Kitchen answers everyday cooking quandaries--what to feed a group of hungry teenagers, how to rustle up a spur-of-the-moment meal for friends, or how to treat yourself when you're home alone--and since real cooking is so often about leftovers, here one recipe can morph into another . . . from ham hocks in cider to cidery pea soup, from "praised" chicken to Chinatown salad. This isn't just about being thrifty; it's about being creative and seeing how recipes evolve. With 190 mouthwatering and inspiring recipes, including more than 60 express-style recipes (30 minutes or under), Nigella Kitchen offers plenty of choice--from clams with chorizo to Guinness gingerbread, from Asian braised beef shank to flourless chocolate lime cake, from pasta alla Genovese to Venetian carrot cake. In addition, Nigella presents her no-nonsense kitchen kit must-haves (and crucially what isn't needed) in the way of equipment and magical standby ingredients. But above all, she reminds the reader how much pleasure there is to be had in real food and in reclaiming the traditional rhythms of the kitchen, as she cooks to the beat of the heart of the home, creating simple, delicious recipes to make life less complicated. Gorgeously illustrated, this expansive, lively narrative, with its rich feast of food, is destined to be a twenty-first-century classic.

Book Information

Hardcover: 512 pages

Publisher: Hachette Books; 1st Us Edition edition (October 12, 2010)

Language: English

Customer Reviews

Ordinarily I control my cookbook urges. With a collection of cookbooks that has overrun the available shelf space (cookbooks squished sideways on top of others, some spilling onto the floor, others taking over bookshelves originally allocated to "travel" or "history"), I must control myself. I force myself to take a cookbook out of the library first, to ensure that I want to actually cook from it more than once. If a cookbook survives three recipes, I give myself permission to purchase it. Not Nigella's. The moment I saw this book was on sale, I pre-ordered it. Doing so was the right decision. Unlike some of her recent cookbooks, about Feasts or Christmas or Cooking Good Food, Fast, this has less of a specific theme except maybe "comfort food meets your real-life frenetic schedule." The first half of the book, called Kitchen Quandaries, leans toward serving your "dinner in 30 minutes" needs, with chapters like "Hurry up, I'm hungry" and "Off the cuff" (pantry suppers). The second, Kitchen Comforts, is full of recipes for when you're in the mood to chop and stir, segmented into chapters including "The solace of stirring" and "the bone collection." Her recipes do not disappoint. (Well, they almost never DO disappoint, which is why I could order this book with such confidence.

I am one of those cookbook collectors who, like another reviewer, is a bit obsessed and running out of shelf space...now more than ever a cookbook must earn its keep to stay--and this one qualifies. It also happens to be my first Nigella book, altho' I bought her Christmas book last year for someone as a gift. I am so glad I bought this cookbook to call my own. It is awesome. The size alone is massive, probably the thickest cookbook I own. Not only is it impressive in size but in the contents and useful information as well. Other reviewers have already mentioned the highlights, many of which I also would have listed--so I will just say, "ditto" on all counts from me too! Her personality definitely shines thru the pages, so I don't know what another reviewer means when she says it doesn't...not so at all. There are so many passages of her 'talking' on the page to the reader, that I am making a mental note to go back and read it all when I have time, b/c the number of recipes are calling to me right now. But what I have read tells me I like her gutsy and authentic style. For instance, I chuckled today while reading the recipe I made tonight, African Drumsticks; on the top of page where it gives the number of servings it will make, it says: "Serves 4-8 (depending on age and appetite)." Boy, do I know EXACTLY what THAT means. Don't we all? Yet nobody ever says it, except Nigella! Let's get real...and Nigella is! They were tasty and fast & easy to make; and I'm a bit ashamed to admit, ten drumsticks fed LESS than four adults here! She also had a footnote that freezing the chicken in a ziplock with the marinade keeps for three months. I would never have thought to do that.
