# Checks For Vets A Guidebook To Help Wartime Veterans And Their Surviving Spouses Receive VA Pensions

## Synopsis

Checks for Vets, A Guidebook to Help Wartime Service Veterans and Their Surviving Spouses Receive VA Pensions to Pay for Long-Term Care. Over 1.5 million wartime service veterans and their surviving spouses are eligible for billions of dollars a year in the form of VA pensions to help pay for assisted living and home care. Checks for Vets is an all-in-one resource that will help you discover how these pensions may provide over \$23,000 per year of tax-free money to pay for long-term care that is normally paid for out of pocket. The book contains samples of all the forms you need and tips for successfully filing a claim for an Aid and Attendance pension or Housebound pension. The book also helps eligible veterans obtain no-cost pharmacy benefits. A special reference section is included to help locate veteran service officers throughout the United States that are available to answer questions and process pension applications.

This is a very clearly organized and informative guide for veterans and their families to use to obtain benefits that are little known and understood. It provides a practical, step by step tutorial, including what a properly filled out form looks like to guide someone through the process. It also provides information for different levels of benefits. As a Director of Admissions at Passavant Retirement Community in Zelienople, PA, I have witnessed families become overwhelmed by the process and the volume of information they need to provide - this book is a life raft to them in their time of need. I highly recommend it.

I found this book very informative. It outlines every step needed to attain the benefits our vets are entitled to. It is carefully researched and written for all to understand. Checks for Vets helps our vets and their families achieve a better lifestyle (that they so deserve) if or when they get sick. This guide is a MUST resource whether you need help now or possibly in the future. I bought it to keep close to me for future use. Thanks Joe for taking the time to write such a great book that helps so many people!

I bought this book to help me understand the information on the VA website for my elderly father who is a veteran of the Korean War (stationed in Germany). It is a well written book that clearly interprets government-speak. (Unfortunately, my father does not qualify for any benefits under his current situation.)

Joe McCarthy provides a vast amount of easy to understand information about benefits available to our nation's veterans and their surviving spouse in "Checks for VETs", and answers hundreds of questions asked by veterans and their families. This wonderful guidebook is a great resource and will complement anyone's library.

I was in the middle of trying to apply for this pension for my 85 year old mother. My father was a World War II Veteran. I had already done the 1st application for the Aid and Attendance pension. Had several more forms to try and figure out. This book was invaluable in helping me complete the forms. I now feel confident that she will be approved for this pension. It means the difference between living in a medicaid nursing home and being able to live in a nice assisted living home. My father earned this right and I'm so thankful for his heroic service to our country. I now know that my husband and two brother in-laws (all Vietnam Vets) along with myself and my sisters will qualify for this pension later. This information is worth everything to us all!

Joe's book has step-by-step guidelines to simplify a complicated process to obtain a VA pension. The sample completed forms and corresponding instructions are very helpful. The book also features a national directory of veteran service officers who can file the claim for the pension. If you're a wartime service veteran or a surviving spouse who needs assisted living or home care, or would like to plan for it, this is your book.

I read checks for vets for my 91 year old WW II veteran father. I filled out the application on line and then printed it off. Went to the local veterans affairs office with completed form. was very helpful at that meeting as I had all information they needed. There is money there just for the asking, shame more people don't know about it.
