Illustrated Ducati Buyer's Guide (Illustrated Buyer's Guide)

Synopsis

This definitive guide is fully updated to include the latest models from the exotic Italian manufacturer. Comprehensive information, including a star rating system, with the pros and cons of each model. Featured are the M900 II Monstro, 900SS, 750SS, Paso series, 851, 888, Supermono, 916, Ducati-engine Bimotas, and more. Additional material details Ducati's earlier bikes. --This text refers to an out of print or unavailable edition of this title.

Shipping Weight: 15.2 ounces

Average Customer Review: 4.4 out of 5 stars [See all reviews](#) (7 customer reviews)

Best Sellers Rank: #3,733,076 in Books (See Top 100 in Books) #101 in [Books > Engineering & Transportation > Transportation > Reference](#) #702 in [Books > Engineering & Transportation > Automotive > Buyers' Guides](#) #2805 in [Books > Engineering & Transportation > Automotive > Motorcycles](#)

Customer Reviews

One of a series of Osprey motorcycle buyer's guides. I picked this up when contemplating buying a 1980s Mike Hailwood Replica. (I didn't, bad decision!) Coverage is complete for models up to 1990. The advantage of this printing over a later one is fuller coverage of some of the older models. Highly recommended for anyone with an interest in exploring Ducatis. It would be five stars, but one of the later printings is better for anything after 1990.

I purchased this looking for information on the four valve Ducati superbikes. I thought that this third edition would give some production figures and maybe model features or differences, it didn't. I also thought that a buyer's guide would have serial number information, it does not. It still is a good resource and it even has a chapter on Ducati powered Bimota models.

I am perhaps not qualified to judge the value of the book, but find myself going to it for information whenever I contemplate a purchase of a new ducati to add to my stable. To have any information is better than none when shopping for these machines, only time will tell the value of the information

Very informative. Excellent description of the history of these vehicles; it helped me when I recently bought a 1972 single cylinder Ducati, as I knew exactly what I was buying.
