Customer Reviews

An outstanding and well written book. This book is an absolute must for those who love the great bear. Even though it relates to hunting of the grizzly, it offers terrific insight into the personality and intelligence of this great animal that once roamed so much of the American west.

Great Read if your interested in dog&horse Training or just a good true western story

Absolutely great book on ranching in NM at the turn of the 20th century. Montague Stevens not only tells of hunting bears but also of interesting individuals and animals he met and trained.If you like
