On Liberty And The Subjection Of Women (Penguin Classics)

Synopsis

Two cornerstones of liberalism from the great social radical of English philosophy John Stuart Mill was a prodigious thinker who sharply challenged the beliefs of his age. In *On Liberty*, one of the sacred texts of liberalism, he argues that any democracy risks becoming a "tyranny of opinion" in which minority views are suppressed if they do not conform to those of the majority. *The Subjection of Women*, written shortly after the death of Mill's wife, Harriet, stresses the importance of sexual equality. Together they provide eloquent testimony to the hopes and anxieties of Victorian England, and offer a trenchant consideration of what it really means to be free. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Customer Reviews

Mill's ideas are delivered in clear language, and the steps between them are laid out rationally and logically, so that all his arguments are easy to follow. Unlike Rousseau, who treated political philosophy as something akin to a complex physics equation, Mill argues from reason and appeals to common sense. Furthermore, many of his arguments are fully applicable to political situations we

see around us today. This book is WELL worth reading; in fact, were I given dictatorial powers, I would mandate that every person had to read this book before ever opening their mouth in a political discussion.

John Stuart Mills keeps it real spitting dope political rhetoric before it was mainstream. Penguin classics are always well made so I just order them . Just higher quality binding and paper i suppose. This is a must read for anyone interested in free speeh, the harm principle, ethics...

This edition is well printed and bound for a black spine penguin classic. The text is, of course, a classic, a seminal work in individual liberalism.
