The Indoor Plant Bible: The Essential Guide To Choosing And Caring For Indoor, Greenhouse, And Patio Plants

Synopsis

Indoor gardeners who open this comprehensive guide will discover imaginative ways to transform any home's interior into a bountiful Eden. The author shares her foolproof indoor gardening secrets and offers tips on providing optimum growing conditions for a wide variety of plants. She opens with advice on what to look for when choosing and buying indoor plants. Readers are then instructed on how to determine the best location for each plant within the house, with attention to such factors as light and temperature. They will find extensive information on pots and potting, pruning, fertilizing, plant propagation, and feeding and watering requirements for each variety. Profiled in these pages is a wide range of house plants, including colorful geraniums and cineraria, ambient ferns and palms, and the more exotic orchids and cacti. The Indoor Plant Bible is beautifully illustrated with more than 400 color photos.

Average Customer Review: 4.7 out of 5 stars [See all reviews](#) (6 customer reviews)

Best Sellers Rank: #834,514 in Books (See Top 100 in Books) #137 in [Books > Crafts, Hobbies & Home > Gardening & Landscape Design > Greenhouses](#) #252 in [Books > Crafts, Hobbies & Home > Gardening & Landscape Design > House Plants](#) #655 in [Books > Reference > Encyclopedias & Subject Guides > Gardening](#)

Customer Reviews

This has been an incredible reference for all my houseplants, including a few that I've owned for years without knowing what they were! The wire binding is a good touch, and the cross-referencing is well done. Quality pictures, clear directions for plant care. All around my favorite houseplant book.

I was looking for a book on houseplants that provided all the basic information: lighting needs, water needs, feeding needs, but ALSO, how to propagate each plant!! Great for an amateur houseplant hobbyist. Nice color photos.

Easy to read and understand. Good price. Not extensive--definitely for the beginner who just wants to keep a few house plants.
