Customer Reviews

I enjoyed reading this book even though it's all about code enforcement. Annex A and Annex B were less dry and actually very interesting. I am preparing for the NFPA 72 Nicet certification exam. This book is required. Delivery was timely and gave me months to prepare.

The book was new but it falls apart with minimal use . Just like nfpa 101 .

A must have for Inspectors, Installers and Contractors

Binding kinda fell apart after only owning it for a couple of weeks. Apparently this is a common problem with this book.

It's the best deal for this edition I could find. And I was able to use it on my test

up to date information which was needed.

Very knowledgeable and informative.

Great quality and Price!!!!!!!!!!!!!!
