## Synopsis

Concise discussion of Federal Appropriations Law as it applies to contracts and grants awarded by the United States Government. The book covers all aspects of Appropriations Law as it pertains to contracts and grants, and contains hundreds of case abstracts and links to cases adjudicated by the Federal courts or by the General Accountability Office. The book is presented in Question and Answer format, with points illustrated and clarified through the analysis of hundreds of real and fictional cases. While there are a few books in print that address Appropriations Law, this is the only one that concentrates solely on contracts and grants.
