Length (Math Counts)

Synopsis

Children can become mathematical problem solvers, learning to communicate and reason mathematically, by using the Math Counts series.

Book Information

Lexile Measure: 610 (What's this?)

Series: Math Counts

Paperback: 31 pages

Publisher: Children's Press(CT); Reprint edition (September 1, 1995)

Language: English

ISBN-10: 0516454536

ISBN-13: 978-0516454535

Product Dimensions: 2.8 x 0.1 x 8.5 inches

Shipping Weight: 3.2 ounces (View shipping rates and policies)

Average Customer Review: 4.5 out of 5 stars [See all reviews](#) (11 customer reviews)

Best Sellers Rank: #71,002 in Books (See Top 100 in Books) #42 in [Books > Science & Math > Mathematics > Pure Mathematics > Logic](#) #363 in [Books > Children's Books > Education & Reference > Math](#)

Age Range: 5 - 8 years

Grade Level: Kindergarten - 3

Customer Reviews

The dated and often faded photos in this book could be overlooked if the content was either more concise or focused. For example, it never shows either an inch or a centimeter, although it says they are used to measure small things. I prefer *How Long or How Wide?: A Measuring Guide* by Brian P. Cleary and Brian Gable.

This whole Math Counts series is great! They are a fun, easy way to introduce kids as early as 3 (my son's age) to math concepts. The large colorful photographs of everyday things help reinforce the different concepts. It helps kids to see the differences in length, shapes in everyday things, patterns in things all around them, etc. Not too wordy, but great at getting the point across.

I prepared a lesson with this book for a bilingual class and it worked very good. The children really grasped the idea of length. Very good book!!!!

Great for introducing measurement. My 2nd grade students love looking at the great photographs. Will use year after year to introduce measurement unit.

This book is perfect for showing young children the variety of checking lengths. Even with no words vocabulary can be built.

This is a great book for measuring! I used it with my first graders for a measuring unit. They loved the pictures!
