# Tom Clancy Under Fire (A Jack Ryan Jr. Novel)

## Synopsis

On a routine intelligence gathering mission in Tehran, Jack Ryan, Jr., has lunch with his oldest friend, Seth Gregory, an engineer overseeing a transcontinental railway project. As they part, Seth gives Jack a key, along with a perplexing message. The next day Jack is summoned to an apartment where two men claim Seth has disappeared—gone to ground with funds for a vital intelligence operation. Jack's oldest friend has turned, they insist. They leave Jack with a warning: If you hear from Seth Gregory, call us immediately. And do not get involved. But they don't know Jack. He won't abandon a friend in need. His pursuit of the truth will lead him across Iran, through the war-torn Caucasus, and finally deep into territory coveted by the increasingly aggressive Russian Federation. Along the way, Jack is joined by Seth's primary agent, Ysabel, a enigmatic Iranian woman who seems to be his only clue to Seth's whereabouts. Jack soon finds himself lost in a maze of intrigue, lies, and betrayal where no one is who they seem to be—not even Seth, who's harboring a secret of his own that harkens back to the Cold War. A secret that is driving him to the brink of treachery. Racing against the clock, Jack must unravel the mystery: Who is friend and who is foe? Before it's over, Jack Ryan, Jr., may have to choose between his loyalty to Seth and his loyalty to America. From the Hardcover edition.

## Customer Reviews

I have loved the Jack Ryan, Jr. and The Campus novels. They have been excellent works in the Tom Clancy fashion. I have felt that Grant Blackwood has been a great asset to the Clancy stable of writers, as I have noted in my other reviews of his work. BUT, this novel didn't really work for me. My first problem is that it really only had Jack Jr. in the story until about 70% of the way through, then finally Dom Caruso shows up in the field. That misses the mark of what The Campus is about. It is not about lone wolf characters acting on their own and not giving The Campus the full story. So, either Jack Jr. has fallen far from the family tree or he is thinking that he can be the lone wolf hero of political events and spy activities. Jack Jr. meets with an old friend and finds that he has stepped into a problem in a country that is going to be facing a Coup in the next couple of weeks. Jack Jr. has to figure out what is happening and who the bad guys are and who the good guys are. His friend Seth appears to be having a bit of a break with reality, or is he? Bottom line, The CIA, British Intelligence and Russian Elite Forces are going to be playing a game of political chicken as the country of Dagestan goes through the upheaval of a political coup as the Minister of Interior takes steps to wrestle control of the country from the President of Dagestan. Jack Jr. will find himself on the side of the Minister of Interior and will not be sure that this is truly a wise move. Jack Jr. comes off looking tentative at times and not as decisive as his old man would have been in a similar situation. Jack Jr. will use The Campus assets but not in the way that they should have been used or were used in previous works.
