Product Dimensions: 6 x 0.2 x 9 inches

Shipping Weight: 5.6 ounces (View shipping rates and policies)

Average Customer Review: 3.8 out of 5 stars [See all reviews](#) (288 customer reviews)

Best Sellers Rank: #281,711 in Books (See Top 100 in Books) #71 in [Books > Computers & Technology > Hardware & DIY > Peripherals](#) #260 in [Books > Reference > Consumer Guides](#) #24899 in [Books > Humor & Entertainment](#)

Customer Reviews

Length: 68 pages. Update: somebody, perhaps another author of a book similar to this, organized a program to sink this review. It went from a 101 of 103 people found the following review helpful, to 101 of 134 in a single day. For this reason alone I am asking to review their policy regarding posting of not helpful votes or developing a mechanism to control same. I hope other reviewers will join me in my quest. Otherwise, I love 's customer review process. I bought this booklet because it was less than a dollar and because 's marketing methods for the Fire Stick are confusing. That's right, I bought this booklet to learn about the device before I buy the TV Stick. bear in mind, I already own two Apple TVs, the oldie and the newer model. Each is a fine device but, since I don't watch a lot of videos, but do like having access to a wide variety, I am frustrated that every time I try to watch movies on the Apple I seem to be having to re-learn everything all the time. It would be

great if a simple little booklet was available on Kindle for the Apple TV. Anyway, the writer does a terrific job explaining the reason Fire TV Stick is a good buy and how to use it, although he writes in Layman's language, he doesn't waste time with jokes or by trying to be cute. Yet, a passion seems evident in his discussion. In fact, should consider buying the rights to this booklet and making it a free download for everybody, as it will greatly increase sales of the Fire TV Stick.

I already had the fire tv on my main tv when I got the fire tv stick for the bedroom tv. For anyone using fire tv for the first time this is a great book. With this book and doing your own experimenting you should have no problems.

This covered all the stuff I wish I'd known when I started. The info is very thorough and well organized.

I found it very helpful and simple to understand. Like the fact that they keep it updated. Keep up the good work.

This book really shows you how to set up and use the fire tv stick. Easy to follow and great step by step directions. Would highly recommend to anyone that just got an fire tv stick.

We will soon have broadband in our rural community, and I want some understanding of streaming. This guide is very useful.

Very well written Easy to use I'm just getting started with the Fire Stick so that I can watch the Prime movies on my big screen tv. This will be a lot more fun than on my Fire HD 6. The app recommendations for using smartphone for remote keyboard was very useful.

This book is wonderful, easy to understand. Shipping was fast and would recommend to anybody who is not "tech savvy".
