Customer Reviews

I can't believe how great this book is. It covers a multitude of topics dealing with Ancient Greek Religion and arranges all the topics in groups along with giving sources who commented about the topic. This book is extremely beneficial to anyone who is an actual practicing member of Hellenismos Reconstruction. It gives both the name of person quoted, date, source found and who translated the document or artifact. It covers religious life, festivals, marriage, death and oh so much more. Don't lose a chance obtaining this book. I am so glad I added this book to my collection. HELLENISMOS TODAY AND FOREVER!

Not comparable to Bukert's Greek Religion.

Great condition

This book was required for an Ancient Greek Religion course I am taking. Easy to access and read. Author has own opinion on meaning of ancient text, as do most in the field.
