Liquid Hydrocarbon Tank Fires (BP Process Safety Series) - IChemE

Synopsis

This title is part of the 'BP Process Safety Series' and winner of Frank Lees Medal 2004 as the most meritorious publication on the topic of safety and loss prevention. An essential reference tool for operators and fire fighting teams working on or near tank farms, and for public fire brigades everywhere, this booklet identifies the potential emergencies that may occur and the correct response. Using examples of actual accidents, the booklet aims to enable readers to spot and rectify problems before incidents occur and to know how to respond. It offers an excellent introduction to the topic for students. 3 new case studies have been added since publication of the 2006 edition. Produced by BP and endorsed by IChemE's Loss Prevention Panel, these books were developed to complement safety training. They are ideal reference tools within the workplace, increasing awareness of hazards and helping operators to understand safe operating practices and procedures. Titles In This Series Include: Hazards of oil refining distillation units, 2008 edition - ISBN 9780852955222 Confined Space Entry (2005 Edition) - ISBN 9780852954799 Hazardous Substances in Refineries (2005 Edition) - ISBN 9780852954829 Hazards of Electricity and Static Electricity (2006 Edition) - ISBN 9780852955031 Hazards of Nitrogen and Catalyst Handling (2006 Edition) - ISBN 9780852955079 Hazards of Trapped Pressure and Vacuum (2005 Edition) - ISBN 9780852954751 Hazards of Steam (2004 Edition) - ISBN 9780852954683 Hazards of Water (2004 Edition) - ISBN 9780852954669 Hotel Fire Safety (2005 Edition) - ISBN 9780852954805 Liquid Hydrocarbon Tank Fires (2008 Edition) - ISBN 9780852955284 Safe Furnace and Boiler Firing (2005 Edition) - ISBN 9780852954720 Safe Ups and Downs for Process Units (2006 Edition) - ISBN 9780852955024 Control of Work (2007 Edition) - ISBN 9780852955147 LNG Fire Protection and Emergency Response (2007 Edition) 9780852955154 Hazards of Oil Refining Distillation Units (2008 Edition) - ISBN 9780852955222 IChemE, the Institution of Chemical Engineers, is the center for chemical, biochemical and process engineering professionals worldwide. We are the heart of the process community, promoting competence and a commitment to sustainable development, advancing the discipline for the benefit of society and supporting the professional development of members. Some of the areas we publish in include: -Safety in the process industries - the BP Process Safety series-Consultancy for chemical engineers-Project management in the process industries-Contract management in the process industries - International Forms Of Contract series-Communication skills for engineers

Book Information

Series: Bp Process Safety

Paperback: 105 pages

Publisher: The Institution of Chemical Engineers; 2008 ed edition (July 4, 2008)

Language: English

ISBN-10: 0852955286

ISBN-13: 978-0852955284

Product Dimensions: 9.1 x 6.1 x 0.2 inches

Shipping Weight: 7.8 ounces
