ISBN-13: 978-0896897144

Product Dimensions: 8.9 x 6 x 0.6 inches

Shipping Weight: 14.4 ounces

Average Customer Review: 4.7 out of 5 stars [See all reviews](#) (10 customer reviews)

Best Sellers Rank: #1,253,487 in Books (See Top 100 in Books) #57 in [Books > Crafts, Hobbies & Home > Antiques & Collectibles > Coins & Medals > Paper Money](#) #1178 in [Books > Crafts, Hobbies & Home > Antiques & Collectibles > Antiques Care & Reference > Reference](#) #2546 in [Books > Reference > Encyclopedias & Subject Guides > Antiques & Collectibles](#)

## Customer Reviews

i picked one of these up because i was looking to get some more information on an error note i found in circulation. the book was published late 2008, and the note was series 2006. i had hoped the error would have made it into this, the 3rd edition, but unfortunately it did not. i guess i will have to wait until the 4th edition hits the shelves. otherwise, the book is quite interesting. it's very descriptive and contains a lot of information about seemingly every documented error in the history of small-sized notes (thru series 2003 anyways). the pictures are not in color, but i expected that for a \$10 paperback. i'm not sure how accurate the pricing guides are currently, but they seem to be in the ballpark with asking prices i'm seeing on ebay. i can see this book being essential for an error collector. i'm not an error collector, but it's still a good addition to my coin and currency guides.

Paper Money Errors provides great photographs and explanations as well as values of the errors

that occur during the printing of U S currency. This guide even provides reference charts listing known serial numbers or currency catalog numbers for certain types of errors. Paper Money Errors is a very thorough and comprehensive guide in an easy to read and understand format. A great reference guide for for all levels of currency collectors.

I had one and found a page with a bill I had that is worth 1500 dollars. I was so happy that I left it at the Veterans Hospital so others could share their values with others if they had a bill that was listed by Dr. Bart.

If you are looking for a book filled with illustrations that are super clear on currency errors, you have found it. Came in perfect shape.

I am an amateur collector. I have a note that has an error that was easily found in Paper Money Errors. The remainder of the book is quite interesting and informative. I can only attest to the accuracy of the section on my error...It has a picture of my exact type of inking error (can't get much more accurate than that).
