Summary: Folder to hold state quarters in, labeled for both Philadelphia mint and Denver mint. I'm doing great with the Philly mint....but the Denver ones are harder to track down. Still, it's fun to try. The booklet itself is kind of cheap, but it should suffice to safely keep the quarters. I enjoy the fact that it's very easy to get the quarters into and out of the slots. I had one of the state maps that you could fit quarters into...that was a royal pain to get things into and out of. You wouldn't want the booklet to be too heavy duty because even half filled, it's getting heavy. Conclusion: A safe place to keep your state quarters.

This is the 4th one I have bought for my grandchildren. They are a nice gift to give to children. Beside collecting the quarter. They are educational. It gives information on each state and president. I would recommend this book to anyone for themselves or as a gift.

The items came in perfect condition and sooner than expected. The product itself is cheaply made and not at all what expected. Before purchasing I could find very little description or visuals of the product but took a chance anyway but would not purchase this product again.
