All The Breaking Waves: A Novel

Synopsis

From the bestselling author of *Everything We Keep* comes a gripping tale of long-buried secrets, the strength of forgiveness, and the healing power of returning home for good. After a harrowing accident tore her family apart, Molly Brennan fled from the man she loved and the tragic mistake she made. Twelve years later, Molly has created a new life for herself and her eight-year-old daughter, Cassie. The art history professor crafts jewelry as unique and weathered as the surf-tumbled sea glass she collects, while raising her daughter in a safe and loving environment—something Molly never had. But when Cassie is plagued by horrific visions and debilitating nightmares, Molly is forced to return to the one place she swore she'd never move back to—home to Pacific Grove. A riveting exploration of love, secrets, and motherhood, *All the Breaking Waves* is the poignant story of a woman who discovers she must confront her past, let go of her guilt, and summon everything in her power to save her daughter. --This text refers to the MP3 CD edition.
