Customer Reviews

OMG, Omg two more books in this wonderful series. First you find out how each guy meets the girl of his dreams and then you find out about the girls. But in these two books you go with some of the guys through hell and heartache to see if they can find their HEA and then the the story isn't over. This author is killing me I sure hope I don't have to wait for a ending. Because I hate to wait! So enjoy the read and audio and on the the next part ! !

I've said it before, I'll say it again. I love Olivia Cunning's writing. Once again she did not disappoint.

This series is brilliant, living the progressions of these relationships with this band one day/night at a time.....I am always left satisfied yet can't wait to get my hands on the next story.

I really have enjoyed the sole regret series. I loved the characters and all the drama of this series.. once again Olivia cunning has another hit.

Great story...
