Music In Every Classroom: A Resource Guide For Integrating Music Across The Curriculum, Grades K8

Synopsis

When used appropriately music can be a powerful tool to support and enrich learning. Developed for music specialists and nonspecialists, this annotated bibliography helps you find print and nonprint materials that support the integration of music across the K-8 curriculum. Arranged by subject area and topics within disciplines, the annotations describe the works and provide information on format and media, musical arrangement, individual song titles (for recorded material), and grade appropriateness in addition to standard bibliographic information. Emphasis is on educational resources and materials with practical applications rather than on theoretical works. Author/title and subject indexes provide quick and easy access.
